COUNCIL DIVIDES CONTRACT FOR FURNISHING HOSE TO BOROUGH

Charleroi Representatives Participate in Award Totalling \$962.50

IMPORTANT MATTERS COME UP

Estimates Received From Thomas Arrigo on Third and Sixth Street Improvement—Dawson States He Found Desired Information.

Council divided the contract for furnishing the borough with 1,000 feet of fire hose among four bidders. Wednesday night at the regular monthly meeting. The four successful ones were the Quaker City Hose company, J. H. Bowers of Charleroi, representative, 95 cent hose; Empire Hose company, R. S. Moody, Charleroi, representative, 90 cent hose; Argood Rubber company, Thomas L. Kirk, Beaver Falls, representative, 81 hose; Fabric Hose company, J. C. Lindsay, representative, 81 hose. Each firm was given 250 feet of hose to furnish. The total cost will be to the borough \$962.50.

The meeting was an important one, and every member of council was present, with President D. R. Duvall in the chair.

Estimates for the improvement of Third street and Sixth street were received. The third estimate for Third street work amounted to \$1,940.13 and the first estimate on Sixth street work was \$416.19. Both amounts were ordered paid to Contractor Thomas Arrigo.

Reports were received from Treasurer R. H. Rush and Burgess S. L. Woodward. Treasurer Rush presented the following report.

Balance from last report ... 27,527.42
Receipts ... 11,454.28

Total ... \$38,981.70
Disbursements ... 10,579.51

Balance in treasury ... \$28,402.19
Burgess Woodward reported that 40 hearings had been held during October and that \$82 had been assessed in fines. Of this sum \$70 was paid, and \$12 served in time.

Hugh Fergus, Esq., representing Thomas Tomlinson was present asking that damages be awarded because of injury to his property from a Cherry alley wall at the back of his house. The street committee was instructed to take up the matter with the borough solicitor to make an adjustment.

A light was ordered to be placed at the junction of Gelder and McMahon alleys. Instructions were given the street committee on power to act in regard to the laying of a sidewalk on Shady avenue between Sixth and Seventh streets. Complaint was first made by John H. Fields.

James Dawson, who a week ago aroused a mild sensation by asking council to open the books to a committee who wished to ascertain if any councilmen had helped furnish the borough material or had done work for the borough, was present. He stated that he had found the information desired. That was practically all that was said, although he added something to the effect that three councilmen had participated in work for the borough.

COUNTRY PEOPLE LOOK FORWARD TO FARMERS' INSTITUTE SESSIONS

First Meeting Will Be Held November 15—Speakers Assigned To Different Points.

The country people in Washington are beginning to look forward with a certain degree of expectancy to the farmers' institutes which are held each year under the auspices of the Pennsylvania department of agriculture. This early interest is expected to have the result of boosting the attendance at the sessions above the normal. These meetings will be held from November 15 through November 20 at three places in the district, two days being devoted to the meeting at each place.

The exact dates are as follows: Scenery Hill, November 15-16; Ginger Hill, 17-18; Old Concord, 19-20. Jas. M. Paxton is the chairman for the institute in the county. In the bulletin recently issued by the state department at Harrisburg the regular speakers are F. H. Fassett and J. H. Herman.

POSSIBILITIES ARE MENTIONED

Former Governor Tener Gives Names of Four Talked of For President

NOTHING ON BASEBALL PEACE

President John K. Tener of the National league did not discuss baseball peace in the past, present or future tense while home two days for the purpose of voting and visiting friends. Instead when there was mention of the subject he merely smiled, not taking the matter seriously. President Tener left Wednesday at noon for the east.

What he did discuss however was of some political importance. He talked about presidential prospects and about local political affairs. In Mr. Tener's opinion, drawn after four years' experience as governor of Pennsylvania and intimate association with political leaders, one person to be watched closely in developments now in the Theodore Roosevelt, erstwhile President of the United States. "We can't all agree with Roosevelt," said Mr. Tener, "but there are certain things about him we are compelled to admire and we must admit he is a power in this nation."

Mr. Tener named the four men to be considered most prominently as presidential possibilities as Elihu H. Root, Charles W. Fairbanks, Theodore Burton and John W. Weeks in the order named.

"I don't know much about how many of 'us' there will be out for United States Senator to take Oliver's place," concluded Mr. Tener smilingly, placing emphasis on "us." "Notice that word 'us'—use that," advised a

WASHINGTON MAN IS INDICTED FOR MURDER

Riley Fleming Formally Charged With Crime—Grand Jury Finds True Bill Against McPherson For Killing Detective Hilton.

The grand jury resumed its work Wednesday after adjourning from Monday evening, over election day. There were 23 cases listed to be presented to the jury Wednesday. Only 15 jurors were on hand Monday and an effort was made to get a larger turnout Wednesday. Only 13 reported but two more soon came in and later others, so that a sufficient number was present.

Riley Fleming the Washington tailor, was indicted for the murder of his wife, Ocea Ola Fleming at the Fleming home, Bellevue, just outside the Eighth ward, on September 8, 1915. Fleming has been confined in jail since the day of the crime.

A prosecution growing out of the election of the balcony at the front of the Regent theatre, North Main street Washington was presented. M. T. Connors and his wife are named as defendants, and they are charged with maintaining a public nuisance. The prosecutor is Robert H. Hallam. Mr. Hallam's complaint is that it shuts off the view from his store and show windows in approaching his place of business from down Main street. Mr. Hallam is located at the northwest corner of Main and Chestnut streets. The Regent theatre is at the southeast corner of these two streets. A true bill was returned and the matter will be threshed out in court.

Samuel E. McPherson of Monongahela was indicted for the murder of Wallace J. Hilton at Monongahela, on August 18, 1915, following a quarrel between Hilton and McPherson. McPherson's mother was married to Hilton. Hilton at the time of his death was a well known officer.

MACBETH-EVANS COMPANY

SUES PENNSY RAILROAD

Two suits were filed Tuesday by the Macbeth-Evans Glass company of Charleroi against the Pennsylvania Railroad company. The claims are for \$650 with interest from August 17, 1914, and \$657.88 with interest from June 25, 1914. These sums are alleged due by reason of the alleged damage done certain glass house pots in the shipment of the same by freight over the lines of the defendant company, from Wagon Works, Ohio. The plaintiff avers the said pots were carefully packed, crated and braced by it for transportation and turned over to the defendant company at Wagon Works, Ohio. It is averred that when the goods arrived at Charleroi they were broken and badly damaged. A suit involving similar facts was settled a few months ago.

ENLARGED MAJORITIES SHOWN BY LATE REPORTS IN COUNTY

OF 731 TEACHERS IN COUNTY 719 ATTEND COUNTY INSTITUTE

Splendid Record of Attendance Noted By Superintendent Crumrine and His Assistants.

In winding up the matters of the Washington county institute held last week at Washington, Superintendent L. R. Crumrine and his assistants, H. S. Kuder and E. F. Westlake have found that out of 731 teachers over the county, 719 of these attended the sessions during the week. Eight of the absent teachers were excused on account of illness and five of them have not sent in their excuse as yet.

Very few teachers missed a single day of the entire week's sessions. Several missed one day which is considered a good record.

Lessons in the new department of agriculture in the seventh and eighth grades of the rural schools have been sent out from the superintendent's office and work will be started at once on that subject.

THOMPSON WILL TURN IN ASSETS

Fayette County Financier Agrees to Plan Special Committee Present

MAY NOT RAISE MILLIONS

Josiah V. Thompson, coal land operator and former president of the First National bank of Uniontown, has signed an agreement to turn over his assets, real and personal, to his creditors. This was made known Wednesday afternoon at a meeting of the Fayette County Bar association, whose members are representing the creditors of Thompson, which was held to receive the report from a special committee sent to New York to ascertain definitely if it were possible for Thompson to borrow from New York financiers millions of dollars to liquidate his enormous debts.

Attorneys A. F. Cooper, H. L. Robinson and M. M. Cochran reported the Thompson terms to turn over all his assets for his creditors.

Attorney H. S. Dumbald, president of the bar association adopted a resolution authorizing President Dumbald to appoint a creditors committee to examine the assets to determine whether they are sufficient to meet his indebtedness. Another clause of the resolution permits attorneys to enter suits and obtain judgment but the attorneys shall file no suits in which writs are made returnable before the fourth Monday of December.

Attorneys Cooper, Robinson and Cochran did not hold out much hope to the bar association that Thompson would raise millions of dollars in New York.

Wade H. Ellis, former attorney general of Ohio, was present at the meeting as a representative of the

Among Noteworthy Features is That of Dr. Temple's Vote

HIS MAJORITY IS IMMENSE

John O. Watson of North Charleroi Has Big Lead, Proving to Be One of Strongest Candidates in the Field

Enlarged majorities for practically every office in the late returns for nearly all county precincts in the general Republican victory. John O. Watson of North Charleroi, winner for commissioner was one of the strongest candidates in the field carrying not only the heaviest vote for the commissionership but also one of the biggest votes for any office. This was in spite of the fact that there were three other candidates in the field.

One of the noteworthy features was in the ballot cast for Dr. Henry W. Temple, Republican, as congressman from the 24th district. The estimated plurality of Dr. Temple over his Democratic opponent, C. E. Gibson, in the three counties of Washington, Beaver and Lawrence is 16,000, the largest plurality ever won by a congressional nominee in this district. The unofficial final returns from 135 of the 145 precincts of this county gave Dr. Temple 9,717 to Mr. Gibson's 4,798. The unofficial returns from Lawrence county gave him 7,904 as compared with 1,358 for Mr. Gibson. His plurality in the two counties, according to unofficial count, is thus 11,465 with Beaver county still to be heard from and there it is believed Dr. Temple's plurality will be at least 5,000.

With all but ten of the precincts in this county heard from Frank B. Wickerham, of Monongahela, Republican nominee for sheriff has a plurality of 2,841 over his opponent, S. L. Woodward, of Charleroi, Democrat. Woodward made deep inroads on Wickerham's total in the Charleroi vicinity but Wickerham came back strong in the interior and up-county townships. The vote for Wickerham shows the effect of Woodward's opposition for the total is well behind other Republicans on the ticket against whom no strong fight was waged.

With a plurality of almost 6,000 Dr. W. H. Alexander, Republican nominee for treasurer is an easy winner over his Democratic opponent, David W. Rasel. Alexander's total in 135 precincts is 9,957 as opposed to Rasel's 4,003. W. S. Lockhart wins out for the office of clerk of courts, James T. Heffran, for coroner, Boyd Parshall for register of wills, and A. V. Lewis for prothonotary, all these

NEWSPAPERS WORTH BUYING.

The newspaper worth-
est of patronage is the one which gives you the
news exactly as it is, even when it
is not as you like to have it. That
is the aim of all self-respecting pub-
lications and it is a rule rather than
the exception, says the Utica Press.
There are a few yellow journals
which love to expand and exaggerate
just to attract attention and the mere
reading of such statements raises a
doubt as to their authenticity. It
should be born in mind that the pa-
pers do not make the news; they
merely chronicle it. They print a
thousand things they wish had never
occurred, but since they are only his-
torians, they must set down the facts
as they find them and not as they
would like to have them.

The very best reputation which a
newspaper can have is one for ac-
curacy, faithfulness and honesty in
all it publishes. There is a great
deal more attention being paid to
that ideal nowadays than ever be-
fore. There are fewer yellow jour-
nals than formerly. The war news
is gathered by absolutely unprejudi-
ed reporters from the best sources
available and if there are any mis-
takes in it the fault is with the au-
thorities, who give it out rather than
with those who record the statement.
In this State there is a law which
provides punishment for those who
give false information to a reporter.
It is unavoidable that now and then
into the best papers mistakes should
creep, but the constant aim is to keep
them out and that purpose is being
accomplished more thoroughly these
days than ever before in the history
of American journalism.

CENTERVILLE CITIZENS PROUD OF GOOD ROADS

Centerville borough officials and
citizens are extremely proud of their
good roads. There are 32 miles of
highways inside its border and at the
close of this year fully half or 16
miles will be improved. At the pres-
ent time two miles of Tava road are
being built between West Browns-
ville and Denbeau. A stretch of five
miles in another section is being mac-
adamized. All the roads are unusu-
ally wide, the average width of the im-
proved highways being 12 feet. The
tax levy for roads is 1 1/2 mills but the
citizens of the township feel justified
because of the benefits they derive.

Road construction in the borough is
in charge of J. R. Baker and Charles
Watkins. The members of the coun-
cil of the borough who naturally
sanction all the work, are C. E.
Regester, James Kump, Robert Hor-
nell, William Woodfill, John Galla-
gher, T. H. Theakston and William
Pepper.

tobacco might burn or parch their mouths. Tuxedo has done away with any
such possibility. You can smoke Tuxedo all day long, without any irritation

Karo the Syrup Choice on
Thousands of American Tables

THE woman who keeps the syrup pitcher filled knows better than anyone else
how strong the men of her household are for Karo on the griddle cakes, hot bis-
cuits, bread and waffles.

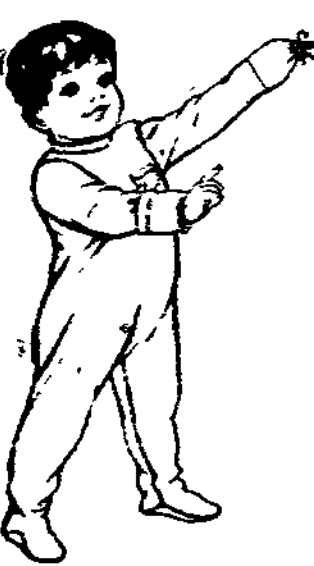

She may not know how many thousand cans of Karo are used in her home state,
but she does know how often her own Karo pitcher is emptied. The forehanded house-
wife buys Karo by the dozen and keeps it in the pantry ready for the daily filling of
the syrup pitcher.

ATHENA KNIT UNDERWEAR

Here are the features that give Athena its comfort, its daintiness and its tailored fit.

Sloping Shoulders and Sleeves
Conform to the shoulders without wrinkling under arms.

Perfect Shoulder Stay
Keeps garment from stretching across the shoulder, and holds sleeve in place.

Curved Armhole
Brings arm seams to the natural curve of the shoulder, and holds garment snugly and smoothly up under arm, doing away with unnecessary cloth.

Three-Cornered Gusset
Is so shaped as to relieve the usual strain at the thigh. Insures greater comfort and longer wear.

Low-Neck Sleeveless Suit
Just as a woman is fuller across the bust than the back, so this garment is made with extra fullness in front.

Patent Seat
This consists of a plait on each side of the back, instead of extra cloth in the middle where it causes discomfort. Always stays closed and allows sufficient room, sitting or standing.
